**MESSAGE TO  
FUTURE EMPLOYERS**

## **MESSAGE TO FUTURE EMPLOYERS !**

- I am against any form of dictatorship, under any kind of pressure, be it financial, media, political, police, military or scientific !
- I am against any form of obligation ( it is called a dictatorship ) !
- That goes against my freedom and the freedom of every citizen !

## **I CHOOSE - FOR ME:**

- No mandatory vaccines !
- No mandatory tests !
- No mandatory health pass !
- No mandatory implants and mandatory tracking !
- The BIG PHARMA groups OWN your government, now you are their slaves, imposing you infinite mandatory experimental vaccines, infinite variant of viruses, infinite lockdowns, they use scare tactics ( false statistics ) everytime, extreme police brutality, interdiction of peaceful protests, etc accusing the no-vaxxed to be THE super spreaders responsible for all of this.., soon human hunting for the no-vaxxed & concentration camps !
- By submitting yourselves totally to the rules of a corrupt government, under the constant pressures generated by them & the mass medias, you have given up your freedoms and accepted the death of democracy !
- This is not my case and it will never be !
- Democracy is the LEGITIMATE right of all people to choose of their own free will what is best for them, the freedom to act, think freely, move freely, work and live freely !
- Having experienced dictatorship in South America as a child, I invite you to learn more about what a dictatorship is !
- If you have chosen to blindly obey the rules dictated by a corrupt government, then avoid working with me !
- I am a free being and a free artist !
- I work with those who do not impose rules on me and who understand and accept my choices !

## **THANK YOU FOR YOUR UNDERSTANDING !**
